

**The Smiths - "Meat is murder"**

Heifer whines could be human cries  
Closer comes the screaming knife  
This beautiful creature must die  
This beautiful creature must die  
A death for no reason  
And death for no reason is murder

And the flesh you so fancifully fry  
Is not succulent, tasty or kind  
It's death for no reason  
And death for no reason is murder

And the calf that you carve with a smile  
It is murder  
And the turkey you festively slice  
It is murder  
Do you know how animals die?

Kitchen aromas aren't very homely  
It's not comforting, cheery or kind  
It's sizzling blood and the unholy stench of murder

It's not natural, normal or kind  
The flesh you so fancifully fry  
The meat in your mouth  
As you savour the flavour of murder

No, no, no, it's murder  
No, no, no, it's murder  
And who hears when animals cry?

## **Dead Prez – "Be Healthy"**

It's all love . . .

I don't eat no meat, no dairy, no sweets  
only ripe vegetables, fresh fruit and whole wheat  
I'm from the old school, my household smell like soul food, bro  
curried falafel, barbecued tofu  
no fish though, no candy bars, no cigarettes  
only ganja and fresh-squeezed juice from oranges  
exercising daily to stay healthy  
and I rarely drink water out the tap, cause it's filthy  
Lentil soup is mental fruit  
and ginger root is good for the you'  
Fresh veg-e-table with the mayatl stew  
sweet yam fries with the green calaloo  
careful how you season and prepare your foods  
cause you don't want to lose vitamins and miner-ules  
and that's the jewel  
life brings life, it's valuable, so I eat what comes  
from the ground, it's natural  
let your food be your medicine (uh huh)  
no Excederin (uh uh)  
strictly herb, generate in the sun, cause I got melanin  
and drink water, eight glasses a day  
cause that's what they say  
They say you are what you eat, so I strive to be healthy  
my goal in life is not to be rich or wealthy  
cause true wealth comes from good health, and wise ways  
we got to start taking better care of ourselves  
They say you are what you eat, so I strive to be healthy  
my goal in life is not to be rich or wealthy  
cause true wealth comes from good health, and wise ways  
we got to start taking better care of ourselves, be  
healthy y'all . . .  
Yeah, yeah, yeah, hold the fuck up, yo  
we'll take this little intermission, listen what the  
fuck we gotta say, why'know?  
Word is bond son, niggaz been livin fat for too long, knowamsayin?  
Smokin bogeys, fuckin drinkin all types of shit  
wailin out, not givin a fuck what they puttin in they  
bodies, son, knowamsayin?  
Bout time niggaz start thinkin about that shit, son, knowamsayin?  
That shit is fuckin, makin us deteriorate, son  
word up, we gotta care bout our little babies an shit, son  
niggaz got kids to raise, straight up  
ya gotta start learnin yo self, learning bout ya health, son  
learnin this world we live in, kid, knowamsayin?  
It's time to start changin all that shit god, word up  
so I'm gonna leave y'all niggaz on some shit like that, ya knowamean?  
Word up, y'all niggaz better start usin y'all minds an  
shit, kid  
Peace

### **Erasure & Lene Lovich - "Rage"**

Let's face the music - I think that it's time.  
What's the use, when the future looks so unkind.  
Life and death - the choice we make.  
Revolution - the line in my mind takes.

Win or lose, hey! what do you say.  
Got to change, change, change, change.  
Check it out and see - there could be a better lifestyle.  
My hopes are big as the sky,  
My dreams are wider than wide.  
One day we'll be absolutely crueltyfree!

Rage!  
March on! unleash the spirit,  
Rise above all fear, into the light.  
It's a world affair - don't waste a minute,  
Let the heart decide, it's time to care.

What is this sad fascination,  
To rip off another's skin.  
Shame! shame! shame!  
Fancy people in furcoat - what a pitiful sight.  
Leather is dead - it's not so nice.

Rage!  
March on! unleash the spirit,  
Rise above all fear, into the light.  
It's a world affair - don't waste a minute,  
Let the heart decide, it's time to care.

Stop! think! before you chew.  
Don't eat a creature, that won't eat you.  
Food for everyone,  
Let's all eat - it's so much fun.  
Let that chicken be! a cow is not a factory!  
Fast food slaughter - a criminal waste.  
We've got to tune ourselves into a new morality.  
Make some improvement on the human race.

Rage, each time I turn around.  
Rage, it tears my heart apart.  
Rage, each time I see the blood.  
Hey, now! sentimental feelings are just not good enough.

March on! unleash the spirit,  
Rise above all fear, it's time to care.  
March on! unleash the spirit,  
Rise above all fear, into the light.  
It's a world affair - don't waste a minute,  
Let the heart decide, it's time to care.  
March on! unleash the spirit,  
Rise above all fear, it's time to care.

**Prince - "Animal Kingdom"**

I saw a friend of mine 2day  
In an ad sayin' what would do my body good  
I told him he was wasting time I say  
If God wanted milk in me  
The breast I suck would have a line around the hood

No member of the animal kingdom nurses past maturity  
No member of the animal kingdom ever did a thing 2 me  
It's why I don't eat red meat or white fish  
Don't give me no blue cheese  
We're all members of the animal kingdom  
Leave your brothers and sisters in the sea

Animal, animal kingdom {x2}

Who told us we should eat the swine?  
U can bet your final money it damn sure wasn't no friend of mine  
What about the clams on the shore?  
Souls in progress, here come the fisherman - soul no more

No member of the animal kingdom nurses past maturity  
(Nurses past, oh yeah)  
No member of the animal kingdom ever did a thing 2 me  
(Ever did a damn thing)  
So I don't eat no red meat or white fish  
Or funky, funky blue cheese  
We're all members of the animal kingdom  
Leave your brothers and sisters in the sea

Animal, animal kingdom {x3}

**Pretenders - "Waste Not Want Not"**

Take, take, take, takin' what you don't need  
You'll get, get, gettin' what you don't need  
Stand back, take a look and take heed  
All the children in God's kingdom bleed

See the networks of concrete and steel  
They've no mystery but what they reveal  
Tells a story of a future that's void  
Of the beauty and the majesty that life on  
Earth is meant to be

Talk, talk, talk, talk about the government  
Not a word about political favor  
Everything touched is my political choice  
The life you take is your political voice

The sacred cows come crashing to their knees  
Golden harvest reaped without intelligence  
There's no chance between the heavens and the seas  
In a blood bath don't laugh grab your piece of golden calf

Waste not, want not, pick it up  
Waste not, want not, pick it up  
Waste not, want not, pick it up  
Waste not, want not

Do unto others as you wish be done to you  
There's a million lies 'round everything true  
You slaughter when you feast, you disrespect the beast  
Make our beds and lie there, take your share

Waste not, want not, pick it up  
Waste not, want not, pick it up  
Waste not, want not, pick it up  
Pick it up and eat it

Waste not, want not

**Paul McCartney - "Looking for changes"**

I saw a cat with a machine in his brain  
The man beside him said  
He didn't feel any pain  
I'd like to see that man take out that machine  
And stick it in his own brain  
You know what I mean

I saw a rabbit with it's eyes full of tears  
The lab that owned her had  
Been doing it for years  
Why don't we make them pay for every last eye  
That couldn't cry its own tears  
Do you know what I mean

When I tell you that we'll all be  
Looking for changes  
Changes in the way we treat our fellow creatures  
And we will learn how to grow

Well I tell you that we'll all be  
Looking for changes  
Changes in the way we treat our fellow creatures  
And we will learn how to grow  
When we're looking for changes

I saw a monkey that was learning to choke  
A guy beside him gave him cigarettes to smoke  
And every time that monkey started to cough  
The bastard laughed his head off  
Do you know what I mean

When I tell you that we'll all be  
Looking for changes  
Changes in the way we treat our fellow creatures  
And we will learn how to grow

When we're looking for changes  
We're looking for changes  
We're looking for changes  
We're looking for changes in the way we are

**Nina Hagen & Lene Lovich - "Don't kill the animals"**

We all want to see thru life's mysterey  
The quest for knowledge is a natural activity  
But science be careful -- science be kind  
We can't go on pretending to be blind  
Those animal experiments don't make sense  
You're getting nowhere with cruelty and death  
I say ignorance was some excuse  
But uh-uh not now -- you see we got the proof  
A-a-animal testing is a dangerous game  
All systems are different -- we're not the same  
It's a terrible risk -- so no surprise  
We get wrong results -- hey what about Thalidomide  
Abuse yourself of your own free will  
Get hurt -- get high -- get in distress  
But don't drag the animals into this mess

No more torture! The animals are free  
The same with messing around with atomic energy  
Hey hey doctor - reincarnation  
Would you like to come back as a laboratory rat?  
Here we are coiled like a sleeping snake  
We got to expand out potential  
Forgod's sake  
If we want to avoid this endless human riot  
Why don't we start by changing our diet  
Life is for living -- the animals agree  
If they were meant to be eaten  
They'd be growing on trees  
So no more torture of our furry friends  
In the name of food or scientific ends  
The pressure is on -- be antivivisection!

All our scientists are messing up - they don't succeed  
Let the psychics tell what the spirits think we need  
Our super friends from other planets want to give advice  
But the money orientated business doesn't think that's nice

Come on let's educate the mutated human race  
By the super power of amazing grace  
The missing link of human evolution  
Is sexuality - it needs a spiritual revolution  
My individual god identity  
Is what you've gotta meet  
It's the rhythm of the beat

Don't kill the animals  
Don't kill the animals  
The animals are free

**Jens Friebe - "Theke mit den Toten"**

Du lagst wach  
Du zähltest Schafe  
Die ganze Nacht hast du gezählt

Bei wie viel bist du eingeschlafen  
Wie viele mehr hat man für dich schon gequält?

Und musste das sein?

Es gibt Öl, es gibt Mehl  
Es gibt Brot, und es gibt Wein  
Doch an der Theke mit den Toten kaufst du ein  
Kaufhaus ist Paradies  
Schlachthaus blutiges Verließ  
Doch kein Tropfen Blut fließt durch ein Herz aus Stein

Bald sind sie hier  
Aliens kommen  
Und dann sind wir Tiere für sie

Unser Stolz wird uns genommen  
Das verzeihen wir ihnen nie

Wie kannst du dir verzeihen?

Es gibt Öl, es gibt Mehl  
Es gibt Brot, und es gibt Wein  
Doch kein Tropfen Blut fließt durch ein Herz aus Stein  
Kaufhaus ist Paradies  
Schlachthaus blutiges Verließ  
Doch an der Theke mit den Toten kaufst du ein

### **Reinhard Mey - "Die Würde des Schweins ist unantastbar"**

In einer engen Box war es,  
Auf Beton, unstandesgemäß,  
Daß sie die Glühbirne der Welt entdeckte.  
Sie war das Ferkel Nummer vier,  
Drei andre lagen über ihr.  
So ein Gedränge, daß sie fast erstickte!  
Schon nach zwei Wochen Säugakkord  
Kam jemand und nahm Mutter fort,  
Doch noch als die Erinnerung schon verblaßt war,  
Fielen manchmal dem jungen Schwein  
Der Mutter Worte wieder ein:  
„Die Würde des Schweins ist unantastbar!“

Der Kerker wurde ihr Zuhause.  
An einem Fleck tagein, tagaus.  
Und immer im eigenen Dreck rumsitzen.  
Die feine Nase, der Gestank!  
Sie wurde traurig, wurde krank,  
Und als sie sehr krank wurde, gab es Spritzen.  
Sie wurde zum Decken kommandiert, –  
Das hat sie niemals akzeptiert,  
Daß Schweinesein nur Ferkelzucht und Mast war:  
Und wenn man ihren Willen brach,  
Dachte sie dran, die Mutter sprach:  
„Die Würde des Schweins ist unantastbar!“

Dann fuhr der Viehtransporter vor,  
Man packte sie an Schwanz und Ohr  
Zusammen mit ihren Leidensgenossen.  
Die zitterten und quiekten bang  
Und fuhr'n und standen stundenlang,  
Viel enger noch als üblich eingeschlossen.  
Das Schwein ist schlau, so ahnt es schon  
Die tragische Situation.  
Sie wußte, daß dies ihre letzte Rast war.  
Sie hat den Schlachthof gleich erkannt,  
Und sie ging ohne Widerstand.  
Die Würde des Schweins ist unantastbar!  
Sie hat den Himmel nie gesehn,  
Dürft' nie auf einer Weide stehn,  
Hat nie auf trockenem, frischem Stroh gesessen.  
Sie hat sich nie im Schlamm gesuhlt,  
Freudig gepaart und eingekuhlt –  
Wie könnte ich dies Häufchen Elend essen?  
Die Speisekarte in der Hand  
Seh' ich über den Tellerrand  
Und kann die Bilder wohl nie vergessen.  
Ich möchte nicht, du armes Schwein,  
An deinem Leid mitschuldig sein,  
Weil ich in diesem Restaurant zu Gast war.  
Und ich bestell' von nun an wohl  
Den überback'nen Blumenkohl.  
Die Würde des Schweins ist unantastbar!

**Propagandhi - "Nailing Descartes to the wall (liquid) meat is still murder"**

I speak outside what is recognized as the border  
between "reason" and "insanity".

But I consider it a measure of my humanity to be written off  
by the living graves of a billion murdered lives.

And I'm not ashamed of my recurring dreams  
about me and a gun and a different species

of carnage strewn about the stockyards, the factories and farms.

Still I know as well as anyone that it does less good  
than harm to be this honest with a conscience eased by lies.

But you cannot deny that meat is still murder.

Dairy is still rape.

And I'm still as stupid as anyone, but I know my mistakes.

I have recognized one form of oppression, now I recognize the rest.

And life's too short to make another's shorter.

## **MDC - "Real Food, Real People, Real Bullets"**

Aww yeah, Yo this ones for my homies at mcdonalds. Yo listen up, check it.

I'm not here to convince you and I'm not gonna preach,  
but if you keep eating meat I'm just gonna reach for the gat,  
And take you out right now because you're not just killing a pig or a cow  
you're fucking me up to, now what am I supposed to do  
stand idly by while you do what you do  
You're ruing the world with your addiction  
to dead animals, I will bust non-fiction  
For example 25 gallons of H2O makes a pound of wheat, but did you know it takes  
100 times that much to make a pound of beef, so from our water shortage we get no relief  
when over half of the water goes to produce meat and cattle eat up all the grain that we could eat.  
But we don't 'cause we won't understand the demand to make better use of our food and our land.  
90% of our corn and oats feed livestock that's why I hope that you're listening.  
yeah I said I wouldn't preach, well I lied. Alright who cares what you eat.  
I just want you to know while you're getting fat on your burgers, I'm gonna go get the gat.

I'm gonna get the gat because it makes a lot of sense, it's not a personal thing  
it's just self defense  
you're not taking me out with your destructive diet  
I'm gonna draw the gat on you just like Wyatt Earp.  
Yeah, Earp that's the sound that you make when you burp after you eat up a big thick steak  
You know to think of it I'll be helping you out when I end your life quick cause without a doubt  
You'll be dying much slower from colon cancer, but hey that's your decision.  
I'll wait for your answer.  
Oops, sorry times up, take that,  
between cancer and a gun I'll take the gat.  
It's not only quicker it's less expensive  
the cost of chemotherapy is most extensive  
but who pays for it? me that's who, when my health insurance costs go through the roof  
Cancers not the only choice if you please, you can have liver kidney and heart disease  
Ulcers, constipation, salmonellosis, hypoglycemia, multiple sclerosis  
yes these diseases are funky and fresh  
and all can be yours when you eat dead flesh  
Rolling rolling rolling, tumors in your colon, blood pressure is growing RAW HIDE  
and just think of the homies who've died  
so as a courtesy to you and for your own protection  
and before your body's riddled with mass infection and  
before you die of causes that you think are natural G,  
I'm gonna go get the gat.

Yeah I hear you, I've heard it all before  
"You can't tell me what to buy in the store  
I'm sick of you bitching about what's in my kitchen  
I find that liberal bullshit your picking."  
Yo shut up, listen up you fuck up, I'm fed up,  
Yeah, I used to eat meat, but I beat that deceit  
And the the crap of the trap of the wrap of the food that's not food  
and I'll be rude and crude cause that's my mood  
and my voice and my choice and my rhyme this time,  
yeah I mind that you're so damn blind  
that your eating from the wrong link of the food chain  
And I didn't even mention yet about the pain  
that the animals live in before they are given the bullet or the mallet  
to satisfy your pallet  
but before it gets to you, there's some things they do  
like chemicals and dyes and nice happy lies  
like "meat is part of the four food groups"  
if you've study nutrition you know you've been dooped

you get better protein from soy beans  
with a third of fat now what cha think about that  
When you look at the vitamins and compare the price  
you're much better off eating beans and rice  
but let me reiterate my own position  
I'm a god damn drunk I don't care about nutrition  
so just think about what I have said  
then make up your own mind in your head  
and throw away your meat or give it your cat  
but if not that's ok  
I'm gonna go get the gat.

**Extreme Noise Terror - "Murder"**

450 millions animal are murdered in Britain every year  
To be shoved down your throat and shat out of your arse

Murdaaaargh

450 millions animal are murdered in Britain every year  
To be shoved down your throat and shat out of your arse  
Animals to be killed for pleasure  
Murdered at the consumers leisure  
Slaughtered for meat in their fucking abattoirs

Murdaaaargh

Pneumatic bolt shot deep in the head  
Splitting bones and gushing blood  
Yet you still support this insane slaughter  
Brainwashing adverts on T.V.  
Cover up the reality and never shown the pain and torture

### **Napalm Death - "Food Chains"**

Artificial for these strictly conscious times  
Organic prosthesis with a view to paying in kind

To ease the guilt of scores of undignified ends  
Strung up, disemboweled right out of the pen

So unbeknowing in their anonymity  
'Cause when you're marked for death  
Ears switch off to the screams

Primal urges, blindly cull, tear and chew  
Remember, don't scorn what God gave to you  
God gave to you

Reverting, technologically advanced  
Yet bloodily we regress  
Reversal, looking forward to  
A pressure bolt through the head?

Numbness, second only to dumbness  
Sure, they don't feel a thing  
Travesty, communication block  
Ensures no further usage

Travesty  
Travesty  
Travesty

### **Earth Crisis - "New Ethics"**

This is the new ethic.

Animals' lives are their own and must be given respect.

Reject the anthropocentric

falsehood that maintains the oppressive hierarchy of mankind

over the animals. It's time to set them free. Their lives

reduced to biomachines in the factory, farm and laboratory.

Dairy, eggs and meat, fur, suede, wool, leather are the end

products of torture, confinement and murder.

I abjure their use out of reverence for all innocent life.

Wildlives' right to

live in peace in their natural environment

without this civilization's interference can no longer be denied.

Must no longer be denied.

To make a civilization worthy of the word civilized the cruelty must end,

starting within or own lives. Reject the

anthropocentric falsehood that maintains the oppressive hierarchy

of mankind over the animals. It's time to set them free.

Veganism is the essence of compassion and peaceful living.

The animals are not ours to abuse or dominate. I abjure their use

out of reverence ... I abjure their use out of reverence ...

I abjure their use out of reverence for all innocent life.

### **Shelter - "Civilized Man"**

There's a war in the day no peace at night  
There's blood on the hands of man yet we don't sympathize  
The meat-eater kills the cows they just depersonalize to justify  
Their own lust as the helpless die  
And it's ironic how we cry for world peace  
But the violence won't decrease unless our murders cease  
So understand in the slaughter-house who's the beast  
And I demand that the innocent be released  
Well I've tried the best I can  
I've tried to understand  
Civilized man so-called civilized man  
Yes I've tried the best I can  
But who can understand  
Civilized man?  
Guilt free so-called morality  
Fallacy  
The 4 foods group just western medicine quackery  
(meat would be) \$35 a pound but our taxes subsidize  
As 35 million starve as we gormandize  
The grains that could feed the world go to their industry  
To fatten up the cattle for death and I protest  
Rain forests once here kiss goodbye the biosphere ozone nightmare  
Just see the people don't even care!  
Guilt free we overlooked the blood and brutality  
And the tv propaganda covers heinous reality  
A plea to the people of this land to do  
What they can with hope for a civilized man

**Silverchair - "Spawn Again"**

Death becomes clearer through bloodshot eyes  
As a death from old age becomes nearer  
Why can't the livestock be free  
When trading soldiers for steak  
Learn to evolve with the new transition  
To act upon a hypocritical vision  
Discard the old and in with the new  
Discard the old and in with the fashion

Learn to evolve with the new transition  
To act upon a hypocritical vision  
Learn to evolve, learn to, learn to evolve

Who is the bad guy for iron  
Require mince these are the facts  
So eat what you murder  
This is animal liberation  
Eight billion killed for human pleasure

Bring on the ape farm  
Demolish the monkeys  
Drink up, drink up  
Look down on junkies

A new hypocritical look and ambition  
The time has come  
To make the decision you...  
Drink up, drink up, look down  
I'll hold it back, I'll hold it back

Discard the old, in with the fashion

Death becomes clearer through bloodshot eyes  
Death becomes clearer through bloodshot eyes

**Good Clean Fun - "Beat The Meat"**

You sit and face your final meal, you'll be the first to blink  
A reminder that you're still alive  
Frightened of this thing you feel but still you start to think  
What price for you to survive?

Join us! We need all the help we can get  
Together! We'll hedge our karmic bets  
Join us! Self-righteousness is fun  
Together! We'll convert everyone  
It's time we all saw the truth

I can't believe we've come so far, there's so much more to go  
And it looks like things are up to us  
It doesn't matter where you are, it only matters what you know  
It's time we said enough's enough

Speaking for a species that can't speak  
I'm talking about the slaughter of the innocent and the weak  
I call it a crime and now it's time to make a change  
You know we're ready to rearrange  
I'm on one mission, to kill an old tradition  
Make a meat-eater like a black and white television  
It's time to take the dying out of what we eat  
So get out of your seat  
Because it's time to beat the meat

**Youth Of Today - "No More"**

Meat eating flesh eating think about it  
So callous to this crime we commit  
Always stuffing our face with no sympathy  
What a selfish, hardened society so  
No More

Just looking out for myself  
When the price paid is the life of something else,  
No More  
I won't participate

We've got the power we've got the might  
To take whatever is in sight  
Not even worried, it's an unfair fight  
Well we've got a heart to tell us what's right

Our numbers are doubling in 88  
'Cause the people are starting to educate  
Themselves their friends and their families  
And we'll have a more conscious society

### **Cattle Decapitation - "Lips And Assholes"**

There are corners of this world that should not be explored  
There are needles hidden in the candy  
It all starts with a life  
Transformed by a knife  
Into food not fit for dogs

Ignorance is death  
And in this life you've been victimized  
Your American mind  
Materialized  
We get what we want, when we want it

Consumer's head becomes trash receptacle  
Cycle of human spawned hell defecating back into it's face  
You're as unclean as the meat in your bowels  
Picked up off the floor and brushed off  
To find a home in your intestinal tract

All your life you never knew what went into the meat  
As good as any roadkill you'll find in the street  
They made that shit from discarded bits of snouts and lips  
Rat feces swept from the rafters now food in the hereafter  
Ah, your ignorance astounds me

No rhyme, no reason, no boundary to how insane we have become  
The juice off the floor becomes an additive  
A waste bin of gore thrown in for shits and giggles  
Helpless heap at the mercy of some freak

Some fuck in charge of decontaminating the meat  
Who wipes his ass without washing his hands, you must understand  
That everyday you ingest some sort of disease

You did not kill it  
You did not clean it  
You'd probably fuck it if you couldn't eat it  
Sick, depraved everyday human  
Stupid consumer with faith in humanity  
Led without a fight straight to the grave

Birth, agony, death  
Defiled, processed, packaged  
Scanned, purchased, prepared  
Eaten, digested feces

### **Seven Generations - "Ritual"**

Horror in the eyes of a gentle being  
As the butchers blade approaches to end a life of torment  
Skin is torn, a final cry in anguish  
All that could have been fades as a tortured heart beats for the last time  
A living creature that could have been loved and felt love in return  
Confined to a waking nightmare of loneliness, abuse and brutality  
Deprived of freedom, surrounded by filth and knowing nothing but pain  
A tragic, hopeless existence doomed to end in a violent death  
Sacrificed by compassionless hands on the bloody alters of  
Convenience, apathy and greed  
Mutilated, carved limb from limb into a lifeless pile of flesh  
To satisfy the urge to dine on the dead  
A systematic atrocity of domination and destruction  
Creating famine, pestilence and suffering  
An endless slaughter perpetuated by merciless killers devoid of  
any reverence  
With no justification beyond might makes right

And there is not one second of this inhumanity that is righteous, necessary or excusable. Every single instance, every animal murdered in terror is an act of cruelty without beauty and a death for no reason. Every meal that comes at the price of a life is complicity in a holocaust that is beyond comparison and the cold, callous, thoughtless continuation of a vicious ritual of bloodlust

A ritual of bloodlust

**Heaven Shall Burn - "Voice Of The Voiceless"**

See them die!

They Die!

A rain of blood should cover our world  
Stench and decay should be the only thing we sense  
But hidden in the dark and erased from our heads  
Barbarity and slaughter are everywhere  
A contemptible ethic, a relict

For the weakest of the weak  
For the lowest of the low  
My voice for the voiceless  
My fists for the innocent

Voice of the Voiceless  
Voice of the Voiceless

On the edge of a new age this is still our dogma  
No grave for millions - tortured creatures,

For the weakest of the weak  
For the lowest of the low  
My voice for the voiceless  
My fists for the innocent

But a common grave for our morals  
This slaughter - an ethic I deny

See them die!  
They Die!

An archaic way of thinking, so monstrous and absurd

For the weakest of the weak  
For the lowest of the low  
My voice for the voiceless  
My fists for the innocent

**NoFX - "Vegetarian Mumbo Jumbo"**

I don't want tofu,  
I'd rather have a mouthful of beef stew,  
I don't want to be vegetarian,  
Why eat beans when you can have steak instead?

I don't feel bad about,  
Eating something that's dead,  
So why should I be sad,  
For cows getting hit in the head?  
So I like eating fish,  
Tell me what's wrong with this,  
How can you blame me,  
For eating chicken of the sea?

Don't waste your breath yelling at me,  
About animal rights,  
And how they should be free,  
It's survival of the fittest,  
And we're winning.

I don't feel bad about,  
Eating something that's dead,  
So why should I be sad,  
For chickens being force fed,  
So I like eating fish,  
Tell me what's wrong with this,  
How can you blame me,  
For eating chicken of the sea?
